

ROMULUS

MICHIGAN

78,000 SQFT OF SPACE NEAR DETROIT

Situated near Detroit Metropolitan Airport and major highways, this is a key hub for shipping, distribution, and last-mile delivery services. As part of a larger network of fulfillment centers, like those used by Amazon, Romulus uses advanced technology such as a WMS and automated systems to handle a high volume of customer orders.

Our Services:

- ✓ Asset-based Trucking
- ✓ Freight Management
- ✓ 3PL Warehousing
- ✓ Order Fulfillment
- ✓ Contract Logistics

Additional Locations:

📍 **Warren**
Michigan

📍 **Toledo**
Ohio

📍 **New Castle**
Delaware
